STEP-BY-STEP REFERRAL EXPLANATION

- 01** You recommend Hygge software development services to your partners, acquaintances, friends, and people who are interested in creating their product.
- 02** You provide us with information about the potential client in any convenient way (email, Skype, etc.).
- 03** We provide consultation, estimation, and other activities before the development.
- 04** The client signs an agreement with us, and we start working on the project.
- 05** Once the client pays the overall project cost, the referee receives a designated discount (up to 10%) for his next invoice.
- 06** If you are a partner who is not yet engaged in working with Hygge or worked with us some time ago, we will send the designated discount straight to your bank account.
- 07** In case the new client is engaged in long-term product development with us, we will issue the discounted invoices quarterly.
- 08** In case the client requires staff augmentation services, we will issue the discounted invoice/money transfer after the first month and after the closing of the project.
